IMPACT OF SPORTS FUNDING

Delivering a variety of sporting activities in lessons has demonstrated an increase in knowledge from the children and a higher level of understanding of how to play games, understanding the rules that govern them. It has also given members of staff an opportunity to enhance their knowledge and confidence of delivering some of these sports.

Emphasis in each lesson is also given to the importance that physical activity plays in having a healthy lifestyle, along with diet, opportunities outside the school to pursue sport, sportsmanship and fairplay.

There has been a great impact on teachers through observation of delivery and opportunities to do assessments on pupils and focussing on development areas and areas of successes.

PE equipment has been purchased with a clear focus for need to develop further skills for children.

Parental involvement has increased as parents are encouraged to attend every event with children so that they can observe the impact with children.

EVENTS involving PE and participation

September 2016	Skip 2 B Fit activities - all pupils
March 2016	Archery activities - all pupils
	Bikeability - Reception children

KITE MARK AWARD PRESENTATION FEBRUARY 4th 2016

Attended by Head teacher and 2 pupils to collect a silver award for ERRINGTON PRIMARY SCHOOL. This award reflects the opportunities given to all pupils to participate in physical education. Progression made from Bronze Award to Silver. We are aiming to achieve GOLD next year.
