Welcome to the Oxford Owl eBook Library.

Learning to read is the single most important thing your child will learn in school.

Learning to read is a partnership between school and home. We hope that you would find time each day to read stories with your child and, as they progress through school, have them share stories and read to you.

The Oxford Owl eBook Library will support you with this. The books and resources here will complement the reading your child completes in school and any reading books they bring home. Each week, staff will set books for your child to read with you, and activities for them to complete. These will show up as Homework. You will also find these in your eBook Library. Any completed can be added to your school reading log. In addition to the books set by your child's teacher, there are many more to choose from in the other libraries. Simply choose a book at an appropriate level for your child to read.

To log in using your individual login (you can find this on your child's home learning sheet):

- 1 Visit www.oxfordowl.co.uk
1. Click the **Login** button.
2. Make sure you select the **Students** tab.
3. Enter the individual username and password given to you by your teacher.
4. Click the pink **Login** button.
5. If it is your first time logging in, you may be asked for your **school code**. Your school code is: **bry6**
Click the pink **Login** button.

Once logged on you will see the options below.
