

Dear Parent/Carer,

We've started to use a new system called Evidence Me that will allow us to share what your child is doing in school.

With Parent Share in Evidence Me you will be able to:

- View reports (complete with photos) via the app or web suite, showing you what your child has been learning and the new skills they are developing.
- Send us your comments and feedback by simply adding them to the reports which will help our staff to support your child more effectively in the classroom.
- Upload things that your child has done outside of school that you think the teacher would like to see.
- Let the school know when you have arrived to pick up your child using the app.

What will happen next

You will receive an email in the next few days from noreply@evidence.me asking you to confirm that you would like to participate. Make sure you check your spam/junk inbox as sometimes emails can get lost in there.

Participation is optional, but we really recommend getting involved. If you have any questions or need any additional information, please contact the school directly.

We look forward to supporting you and your child and are always striving to provide the highest standard of education possible.

Please visit <http://help.evidence.me/parent-share/help-for-parents/> for further information and guidance.

"Teachers and parents tend to be so busy that often you had to wait until parents evening to really find out what your child had been doing in school. But with Parent Share I get regular updates, complete with photos and comments from the teacher straight into my inbox. I think it's wonderful and it has really helped me support my child's learning at home. My husband and I love reading through the reports together in the evenings. I would really recommend it to other parents."

Julie Greenwood, Parent, Camden
