

Year 4 Newsletter

Staff team: Mr Fishpool, Mr Griffiths and occasionally Mrs Milne 😊.

Our topic this half term is:

RIVERS

This half term we will be examining how rivers form, flow, carve out the landscape and impact on our environment. We will be using maps, globes, aerial photos and practical experiments.

After the May half term holidays, our topic will be:

Ancient Bagdad

Summer Notices

Remember to use sun cream, put on a hat and bring water as the weather hopefully improves.

Keep an eye on parent mail for the upcoming events, such as the coronation and sporting events.

Year 3/4 Residential - soon approaching...

(Kit lists / consent forms will be sent home in next few weeks)

This half term our PE slots are as follows:

Tuesday mornings

Thursday Afternoons

Tees Barrage - River Trip

As part of our topic we will be traveling to the Tees barrage area in order to learn about the River Tees and its impact on Cleveland. (kindly provided by the Canal Trust)

English

This half term we will be linking to geography and writing a newspaper report about the impact of flooding.

Following this we will compose some character descriptions.

Maths

In maths we will look at decimals - ordering, counting and comparing decimal places. As always please practice your times tables at home, using TT Rockstars and Purple Mash...

Science

Linked to our topic, 'Rivers' the class will be asking questions about how matter changes when it is heated and cooled. This will then help us to explain the water cycle and evaporation. As always, we will investigate and observe!
