Career/job focus of the week.

DATA ANALYST

Data analysts use numbers to find out helpful information.

They work with computers and solve tricky problems.

Data analysts make graphs to show what they learn.

A data analyst might work for a bank or a big company.

FUN FACT: Data can help smart computers make better weather forecasts!

FAMOUS DATA ANALYST
Ada Lovelace

Each week we are going to have a career/job or interest focus in school. This allows all children, no matter how old, to think about their passions and interests. So this week it is a data analyst. What will it be next week?

Bikes and scooters

Please can I ask children to dismount from bikes and scooters when in the playground – thank you.

Attendance

Attendance will continue to be a key focus of this academic year. We will monitor all children's attendance as children who are in school, learn more and are more equipped for life-long experiences.

We ask you to book holidays outside of the school term, within the school breaks to allow this to happen.

Reception	93%
Year one	91%
Year two	91%
Year three	93%
Year four	90%
Year five	96%
Year six	97%

Our open day takes place on Wednesday 28th January.

Please share with anyone who would like to see our wonderful school.
